### The San Francisco Maritime National Park Association

The USS Pampanito is a Project of the San Francisco Maritime National Park Association. The Association is a non-profit organization dedicated to maritime preservation and education in order to enhance a public understanding, appreciation and enjoyment of our national maritime heritage. In addition to displaying the USS Pampanito, the Association supports the mission of San Francisco Maritime National Historical Park through a wide-ranging program of exhibits, ship preservation, interpretive and educational programs, and publications.

The USS Pampanito was designated a National Historic Landmark by the United States Department of the Interior in 1986.

For Further information, please write:

Revised 2010

# USS PAMPANITO OVERNIGHT PROGRAM

## Introduction

Thank you for choosing to participate in the USS Pampanito Overnight Program. We are confident that your group will find this to be both a fun and educational experience. To help you plan and manage your stay, we have prepared this guide containing important information about our program. Please take the time to carefully read it in advance of your planned visit. The guide is designed to help you make the most of your stay.

Your overnight encampment aboard the USS Pampanito begins at 7:30 pm. We have developed a plan of the day, which will be discussed later in this guide. The plan provides a general framework for activities that will take place during the evening.

There is much to do in the short time available, so be sure to delegate organizational responsibilities to adult members of the group in advance of your stay to lighten the load on the group leader. Allow plenty of time to complete necessary medical and liability paperwork, assign duties, go over rules and regulations, etc.

We are certain your experience of staying overnight on board an actual World War II submarine will be memorable.

***Welcome Aboard!***

## About the Program

### **TYPES OF GROUPS THAT CAN PARTICIPATE**

Currently, the overnight program is open to school groups and scouting groups (Boy Scouts and Girl Scouts) of age five and up, as well as other organizations (e.g., church or YMCA groups) which meet our insurance coverage requirements (see section on required paperwork).

The PAID-minimum to participate is **25** people. The maximum group size we can accommodate is **48**. **We do require a minimum of seven adults with each group and an adult/child ratio of at least 1:6. For groups with a majority of members from ages 6 – 8, we require an adult/child ratio of at least 1:3.** If your organization has stricter requirements for overnight camping supervision, please adhere to your rules. Because of insurance restrictions, **we regret that we cannot permit siblings of group members to attend.** Please check your insurance coverage before signing up your group.

### **COST**

The cost of participating in this program is as follows: Friday or Saturday nights- \$37.00 per person; every other night- \$24.00 per person.

Participants will:

- Receive overnight accommodations on board the World War II Submarine USS Pampanito, sleeping in bunks in the original crew quarters
- Listen to a pre-recorded audio tour on board featuring World War II submarine veterans describing the operation and history of the submarine
- Have the rare opportunity to visit areas of the submarine normally off limits to our daily visitors, with inside information on systems and equipment provided by our knowledgeable staff
- Receive basic instruction on submarine history and operation through pier side activities
- Earn a certificate commemorating the overnight stay.

### **DEPOSITS**

We request a deposit of \$925.00 for weekend overnight program and \$600.00 for weekday programs. The deposits are due two months after you receive your overnight contract and manual. This cost will be rolled over toward your program, covering the 25 person minimum payment. On the day of your program, you will be responsible for any fees that apply to the number of guests over 25. **Failure to pay the non-refundable deposit by the due dates will result in the cancellation of your reservation!**

Make checks payable to:

**Maritime Park Association  
PO BOX 470310  
San Francisco, CA 94147-0310  
ATTN: Education Coordinator**

When sending checks, be sure to note your group's name and visit date on it to ensure proper credit.

### **CANCELLATIONS AND REFUNDS**

If for some reason your group finds it necessary to cancel your visit, your deposit will not be refunded.

You can, however, **reschedule** your date, and we will apply the deposit to the new date.

On very rare conditions, inclement weather may create hazardous conditions, requiring us to close the boat. In such cases every effort will be made to provide scheduled groups with advanced notice so that they can reschedule their visit, or if they choose, cancel altogether and receive a full refund their deposit. The San Francisco Maritime National Park Association will not be responsible for any other inconveniences or consequences arising from cancellation of a group's visit.

### **REQUIRED PAPERWORK**

For your visit, there is important paperwork you must provide to us:

1. An official approval form or letter from your organization sanctioning this trip (**Tour Permits** for scouting groups, principal for schools, etc.)
2. A **Certificate of Insurance** indicating a \$1 million limit of liability for Bodily Injury and Property Damage, listing the Maritime Park Association as an additional insured.
3. A **Medical and Release Form** for each child, and a **Medical Form** for each adult. These forms are located in the back of this manual.

The above pieces of paperwork *must* be brought with you on the day of your visit. Don't wait until the last minute to arrange these documents.

***Important:*** All adults must be listed as designated drivers on the Tour Permit.

**Special note to Boy Scouts and Girl Scouts:** Each year, many Scout Councils in California routinely file with us a blanket Certificates of Insurance for their groups. Check with us to see if your Council has filed insurance this year.

## **RULES OF CONDUCT WHILE ABOARD USS PAMPANITO**

To ensure a safe and pleasant visit, all USS Pampanito Overnight Program participants are required to abide by the following rules. Group leaders should read the rules to the entire group prior to their visit. Remember: **Discipline is the responsibility of the group leader!**

1. Absolutely no running or horse play aboard the vessel or on the pier.
2. Adequate adult supervision is required from the visiting group at all times. After dark, no crewmembers are to leave the submarine or walk topside unless accompanied by an adult. Adults are expected to stay with the group and participate in the program. The main gate to the pier will remain shut and locked until morning. Anyone leaving the premises will not be allowed to return. A minimum of 7 adults must be present. There must be an adult/child ration of 1:6 or 1:3 if the majority of the group is younger than 8 years old. Please adhere to your group's guidelines if they are stricter than our guidelines.
3. Do not enter restricted areas without permission of staff. These areas are well marked. When topside, do not leave the marked walkway. Do not climb on any deck guns or on the periscope and lookout platforms.
4. Do not turn valves, switches, handles, and otherwise attempt to operate any equipment aboard the submarine. **Everything on board the submarine is an historic artifact and must be treated with respect.** USS Pampanito is a National Historic Landmark!
5. None of the following are permitted:
  - No consumption of alcoholic beverages during your visit, on or off premises
  - No smoking
  - No gum, sunflower seed or nuts with shells
  - No portable audio devices, handheld electronic/computer games, laptop computer, etc.
6. No cooking is allowed aboard the submarine. No food is permitted in the berthing areas. In order to take full advantage of your time, **make sure your group eats prior to your arrival. There will be no opportunity to eat until 11:00 pm.**
7. Sleep only in these designated areas: the 36 bunks in the Crew's Berthing Area; the 12 bunks in the Officer's Quarters. **At least 3 adults must sleep in the Crew's Berthing Area to supervise the group sleeping there.**

Wear shoes at all other times, **except while in bunks. Do not use other compartments for sleeping.**

8. The group is responsible for cleaning all areas occupied on board the vessel before departing. A list of cleaning responsibilities will be provided.

9. Supervisors are to make sure all required paperwork is completed and submitted.

10. **Uniforms:** If your group has an official uniform, please wear the uniform top during the program. Jeans are recommended.

11. **The group must follow all directions and special instructions issued by members of our staff.** We would like to invite you back in the future.

## **SAFETY BRIEF**

The San Francisco Maritime National Park Association welcomes your group on their overnight stay aboard the historic submarine USS Pampanito. To ensure your safety during your visit, we ask you to review the following information with the members of your group.

1. **Safe Conduct:** Please remember two important points about USS Pampanito: First, Pampanito is a naval vessel which was built with the intention to be operated by specially-trained Navy personnel; Second, Pampanito is now a museum ship; both of these points dictate that safe conduct be exercised by each and every member of your group. Because of the design and construction of the submarine, special care must be taken while on board for your personal safety.

- At least three adults must stay in the Crew's Berthing Area to supervise the group.
- Do not block any passageways with personal gear, boxes, coolers, etc. Do not block any ladders to access hatches. Stow all your supplies safely out of the way.
- **Do not run while on board the submarine or on the pier.**
- Do not attempt to climb on the bridge deck without permission of staff.
- Step through watertight doors one leg at a time while holding on to the handgrip.
- Be aware of low overheads (low hanging equipment or fixtures) in the submarine – there are potential “head knockers” throughout the submarine.
- Exercise caution when climbing in and out of bunks, particularly the top bunks. When in any of the upper bunks be mindful of equipment, pipes, valves, etc. which are mounted overhead.
- While topside, remain on the special walkway at all times. Do not go outside the wire rope barriers at any time, or out on the bow or stern of the boat. The metal and wooden portions of the deck are usually wet and slippery after dark.
- When going up or down ladders, hold on to handrails with both hands.
- Stay out of any areas of the boat which are secured by locks or screws or are otherwise marked as off limits.
- Do not attempt to operate any equipment, turn switches, open up any control panels or otherwise disturb any equipment on the submarine.
- Do not use any pots, pans, dishes, flatware, utensils, or any other galley equipment found on the submarine.

- Do not bring your own appliances for use on board (such as a coffee maker, hot plate.) We have hot water available.

## 2. Safety Equipment:

- **Telephone** – located in pier office.
- **First Aid Kit** – each scout troop is required to bring their own, however, we have a kit located in the office on the pier.
- **Eye Wash Station** – next to building entrance.
- **Life Rings** – located on the pier and on the main deck of the submarine.
- **Boat Hooks** - located against wall in work area behind gangway.
- **Life Jacket** – on top of the Eye Wash Station.

## 3. Fire Emergency Procedure:

Smoke detectors are located in sleeping quarters. If an alarm sounds, follow the procedures listed below:

- Exit the boat in a quick and orderly manner--no pushing and shoving—moving in the opposite direction of any smoke.
- Do not close any watertight doors on the submarine.
- Inform staff immediately and call 911.

## 4. Emergency Phone Numbers:

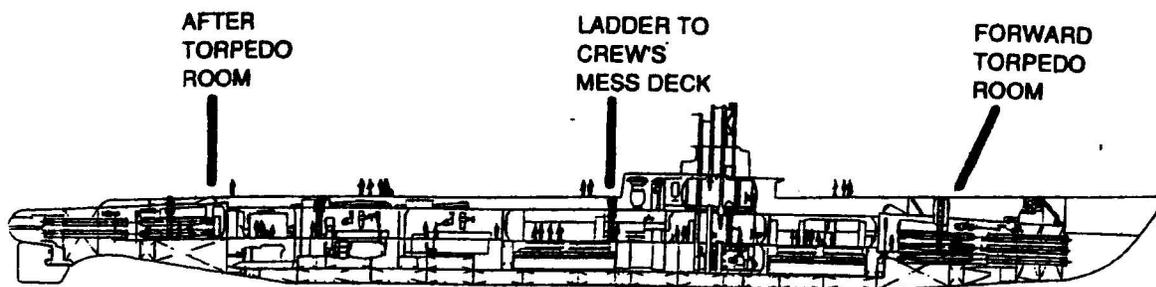

- Ambulance/Fire/Rescue 911
- Police 911
- Police (non emergency) 553-0123 or 553-1532
- Poison Control 415-476-6600

**AND: For anyone needing to phone in to reach a camper staying on board the USS Pampanito, they can call 415-775-1943.** (If you are unable to get through at this number, you may call 415-797-2353.)

## USS PAMPANITO EMERGENCY EVACUATION

In the event of an emergency it may become necessary to evacuate the submarine. Staff will conduct an evacuation drill with your group to make certain everyone understands what steps to take. The diagram below shows the three main access points into and out of the submarine.

**Exit the submarine through one of the following access ways:**

**Remember:**

- Move in the opposite direction of any hazard.
- Use your flashlights if necessary.
- Do not push or shove on your way out; walk in single file.
- Do not close any watertight doors.
- If access to both main exits (After Torpedo Room and Forward Torpedo Room) is blocked, you may use the ladder in the Crew's Mess (push aside grate at top of ladder).
- The first person out should notify staff of the problem immediately, and/or call 911 if necessary.
- The rest of the group should line up on the pier for the group leader to take a head count.
- Remain lined up on the pier and wait for further instructions from staff.

## **TRIP PLANNING & LOGISTICS**

### **WHAT TO BRING**

Each crew member will be responsible for bringing their own sleeping bag, blankets, pillows, etc. The bunks on board the submarine do not have sheets or blankets. It is recommended that you also bring:

- Personal toiletries
- Face cloth
- Warm clothing (the sub is warm inside, but nights can be chilly on the pier)
- Flashlight
- Camera (with flash) & film (or camcorder)
- Card or board games, if desired (we have checkers, chess & backgammon)

**Important: Your group must bring its own first aid kit!**

Pack carefully; don't bring too much gear! (Remember, space is limited aboard a submarine.)

Do not bring radios (walkman, portable CD players, etc.), handheld electronic/computer games, gum messy snacks like sunflower seeds, or alcoholic beverages. The San Francisco Maritime National Park Association is not responsible for any lost or stolen articles.

### **CREW ROSTER**

Once you have determined who will be attending the Overnight Program, put together a crew roster of participants. Use the USS PAMPANITO OVERNIGHT CREW ROSTER & WATCH BILL form found in the back of this guide. Make additional copies if more space is needed. Remember, we require that there be at least seven (7) adult supervisors in every group, and a minimum of one (1) adult supervisor for every six (6) group members under age 18. The maximum group size is limited to 48.

### **BUNK ASSIGNMENTS**

Bunks are available for sleeping in the crew's berthing area (after battery compartment) and the Officers' Quarters (forward Battery Compartment). There are thirty-six (36) bunks in the Officers' Quarters.

**Note: Do not use any of the bunks in the Forward Torpedo Room, as they are not safe for use!**

Please make bunk assignments prior to arrival to avoid any confusion or disagreements when you arrive. The compartment layout forms located in the back of this guide have space for you to write names for making bunk assignments. In the Crew's Quarters, bunks are in three tiers, so make assignments by listing names for top, middle and bottom. Officers' Quarter's berthing is slightly different, but can be assigned in similar fashion.

Please remember that each crew member of the group is responsible for bringing their own sleeping bag or other bedding material. We do not provide any blankets or pillows.

At least three adult supervisors must sleep in the Crew's Quarters to oversee the groups members berthed there.

For groups with male and female campers, you may wish to designate either the Crew's Quarters or the Officer's Quarters for use by one gender only. Follow any specific rules your group or organization may have for this situation.

## **WATCH AND DUTY ASSIGNMENTS**

For making watch and duty assignments, use the USS PAMPANITO OVERNIGHT CREW ROSTER & WATCH BILL form found in the back of this guide.

### **Watch Assignments**

From 2400 through 0700, seven watch sections will be established. Each watch will last one hour.

Watch personnel will consist of at least two crewmembers and one adult supervisor, depending on the size of the group. **In any event, at least one adult supervisor must be awake at any given time during the night to assist crewmembers with any problems.** A logbook will be provided for watch standers to record activities.

The watch list will consist of:

- Keep a fire watch—if there is any sign of smoke or fire, immediately notify an adult supervisor and the Pampanito staff on duty.
- Pick up any trash and wipe up any liquid spills on the deck. Move any personal belongings that may be found in any of the passageways.
- Check hourly to make certain the fresh water valves on both toilets are shut tight and the flushing (flapper) valves are shut as well.
- Watch for any signs of running or dripping water on the boat—notify supervisor or staff if there is a problem.

- If you see anything unusual or anything that just doesn't look right, notify an adult supervisor.
- Work on the Submarine Qualification Worksheets that will be provided to you.
- Perform any other tasks assigned by the group leaders.
- Use the logbook we provide for making notations about the routine duties performed or about any other interesting happenings that occurred on your watch. Be sure to include times and complete descriptions.

### **Duty Assignments**

Crewmembers should be assigned in advance to be responsible for the many duties to be performed during your stay on board the USS Pampanito. These duties include:

- K.P. Duty – handle all aspects of food service planning & cleanup
- Reveille – responsible for waking all crew members in morning at pre-set time.
- Colors – raise American flag on the conning tower (notify staff in advance if you would like to perform this duty)
- Clean-up – assign who is to clean what before departure in the morning (see Cleaning Responsibilities later in this guide for further information)
- Other – if you have other activities during your visit, delegate responsibilities.

### **FOOD**

Each group is responsible for arranging for their meals (dinner & breakfast). **Because of time limitations, you should eat prior to your arrival in the evening and after your departure in the morning.** Please be advised that there is no cooking allowed on board the submarine.

#### **You are allowed to bring prepared foods on board the submarine for snacks.**

When selecting foods to bring, consider the ease of clean up, as you will be responsible for any spills. If you bring food, you will also need to provide your own paper plates, cups, flatware, towels, etc. There is no refrigeration available, so be sure to bring a cooler for perishables. **Do not bring portable gas stoves, barbecue grills, etc.**

Eating space is available in the mess deck of the submarine, where there are four tables with bench seats. However, as was the case on board all World War II submarines, eating space is limited. Therefore, if your group is large you may want to plan on eating in shifts (just as real submariners did).

We will provide hot water for use in preparing hot beverages. We will also supply instant coffee, tea and cocoa for your group—if you don't see it already out in the crew's mess area, just ask.

Suggestions for food:

- Late Night Snack – bring submarine sandwiches, order pizza **(to be arranged through a staff member the night of your visit)**
- Breakfast – keep it simple: muffins, sweet rolls, doughnuts, etc.

## **SUBMARINE QUALIFICATION**

Besides being fun, your stay aboard USS Pampanito is also educational. For that reason, a complete tour of the submarine is a part of this program. We have prepared a short “Submarine Qualification Worksheet” to be completed by each crewmember while on watch or at a convenient time during your stay. The Qualification Worksheets will be provided to group leaders upon arrival, along with an answer key.

All worksheet questions are based on information provided on the audio tour, on the exhibit panels, or in the printed ship’s history pamphlets that are available at the ticket booth. Pay careful attention to everything you see!

## **SANITARY FACILITIES**

The submarine has limited sanitary facilities. There is cold running water in washroom and galley sinks. Do not use any showers. The two toilets in the crew’s head are operational, however, special instruction by a staff member must be given prior to use. There is also a restroom available on the pier.

The toilets on board are called “gravity flush type heads.” These operate somewhat differently from a home toilet. A staff member will demonstrate the following instructions after your arrival:

### **To Fill The Bowl:**

1. Turn valve at back of bowl to the left (counter-clockwise).
2. Fill bowl about halfway.
3. Turn off valve by turning to the right (clockwise).
4. You may now use toilet.

### **To Flush:**

1. Lift handle located beside the toilet. Contents of bowl will flow into sanitary tank.
2. Put the handle down into original position.

### **Note:**

- **Failure to turn off valve could cause a flooding hazard.**
- **No other items (such as trash, cups, candy wrappers, etc.) are to be disposed of in the heads. To do so will cause blockage and or damage to the system.**

Don’t worry if instructions make this sound complicated—it’s really not that difficult. However, you will be responsible for making sure everyone in your group understands operation of the heads. Each visiting group is responsible for leaving the toilet facilities in a clean condition.

## **Cleaning Responsibilities**

In general, adopting a “clean as you go” policy will lessen the amount of cleaning you will have to do before your departure. Take care of any spills on the deck immediately to prevent tracking the mess throughout the boat. The trash can and trash bags are provided for your use. Brooms, dustpans, extra trash bags, spray cleaner, hand soap and paper towels are available for your use, and are stored in the outermost shower stall in the crew’s washroom.

The following areas must be cleaned before departure:

### **Crew’s Berthing**

- Trice up the lower bunks on their chains
- Sweep decks & pick up papers
- Check on and under all bunks for debris, or any forgotten personal property

### **Crew’s Mess**

- Sweep decks
- Wipe down all tables, bench seats and counter tops
- Empty hot water urn and prepare for stowage, along with coffee cocoa & tea

### **Crew’s Washroom & Head**

- Make sure toilets are left in clean condition
- Wipe down excess water in sinks
- Sweep decks

### **Officers’ Berthing**

- Sweep out all staterooms used
- Sweep along passageway
- Sweep out wardroom
- Empty out any trash placed in the wall-mounted trash cans
- Wipe down countertops & table in Wardroom

### **Forward Torpedo Room**

- Sweep Deck

## Plan of the Day

Below is a plan that provides a general framework for the evening's activities. As with the best-laid plans, sometimes things will not happen exactly as scheduled. For this reason, room for flexibility exists in this plan to accommodate the special circumstances that may arise with each group. From time to time, our staff may also find it necessary to alter the time and sequence of activities. **The key word is flexibility. All times are approximate.**

### **Evening:**

1900 Arrival; unload children; park vehicles at designated garage (see Parking Instructions); group leader meets with staff to complete necessary paperwork.

2000 Group tours pier exhibits with a USS Pampanito staff Educator

2030 Go over the rules of conduct as a group and then board the submarine for an audio tour

2100 Fire and safety drill aboard the Pampanito

2115 Load gear onto the submarine and get bunked up

2130 Conning tower tour.

### **Nighttime:**

2400 Lights out. Night watch established. Begin watch activities.

### **Morning:**

0700 Reveille. Dress; begin packing up gear and cleaning boat.

0730 Pack gear off the boat; clean compartments as vacated.

0800 Gear should be completely loaded off; staff does final inspection of cleaning job; posting colors (optional); group photograph.

**Remember that this is a general framework—events may unfold at different times!**

## Directions & Map to USS Pampanito

### From Golden Gate Bridge (North Bay)

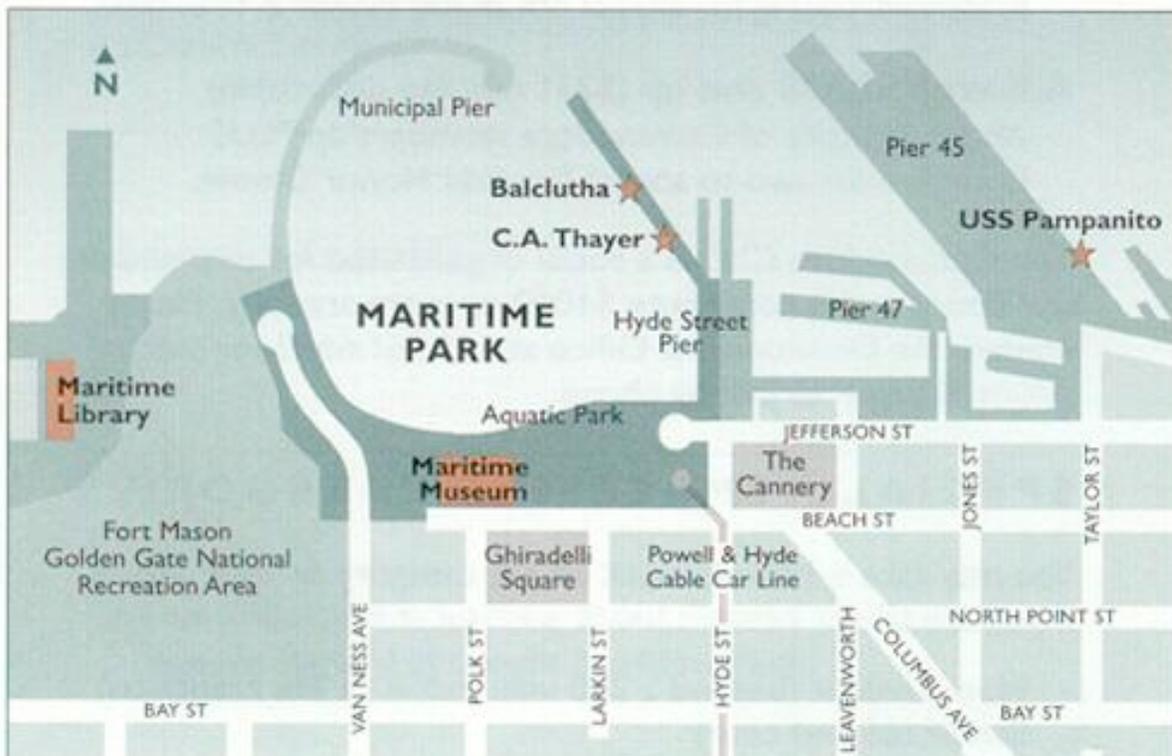

- Coming off the bridge, bear left and look for Marina off ramp
- Follow Marina Blvd. along waterfront—it will curve around Safeway, onto Laguna St and up to Bay St.
- Turn left on Bay St. and proceed to Taylor St. (about 10 blocks)
- Turn left on Taylor St. and go 4 blocks
- Pier 45 and the Pampanito will be directly in front of you, at the foot of Taylor St.

### From Interstate 80/Bay Bridge (East Bay)

- From West 80/Bay Bridge, take the very first right side exit—Fremont/Folsom
- Stay to the right towards Folsom, then turn left onto Folsom. Follow the street to the waterfront at Embarcadero. Turn left onto Embarcadero.
- Follow Embarcadero around the city waterfront all the way to the Fisherman's Wharf area.
- Turn right at Taylor St.
- Pier 45 and the Pampanito are at the foot of Taylor St.

### From Highway 101 (Peninsula)

- Follow Highway 101 up to the split with Interstate 80
- Bear right onto route 80 towards the Bay Bridge
- Take the Fourth St./Bryant St. exit—this is the **very last** San Francisco exit, so don't miss it
- Bear left onto Bryant St. and follow it all the way to Embarcadero—about 6 blocks
- At Embarcadero, turn left and follow it around the city waterfront until you reach the Wharf area.
- Turn right on Taylor St.
- Pier 45 and the Pampanito are at the foot of Taylor St.

## Parking Instructions

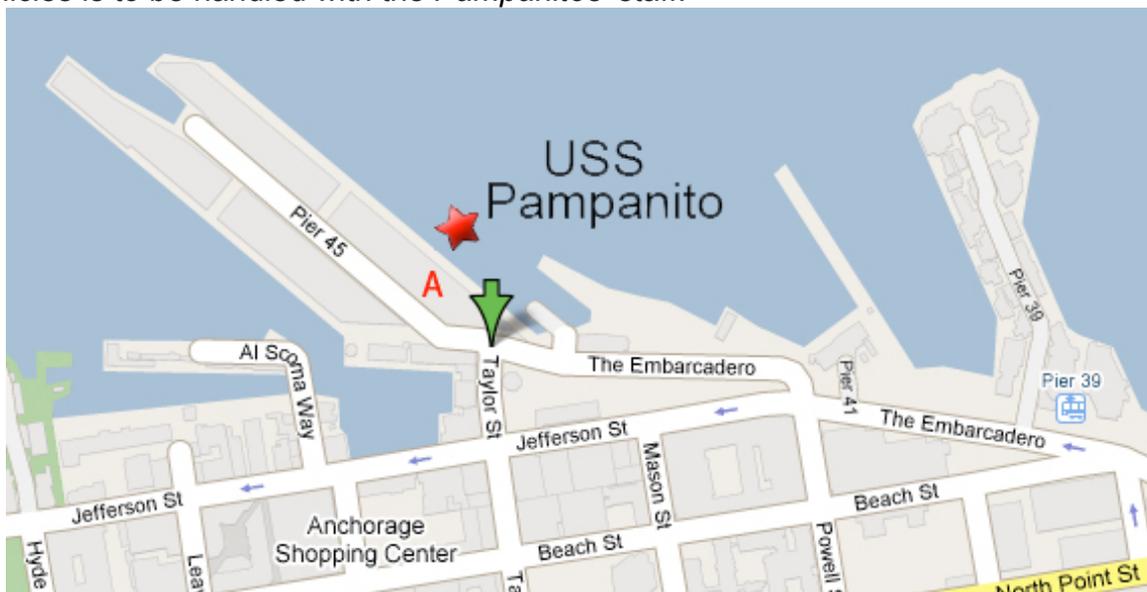

Please reference the map provided below when reviewing these instructions. Upon arrival, please check in with our staff. **FOLLOW THE INSTRUCTIONS OF OUR STAFF AT ALL TIMES.**

Parking for the Pampanito Overnight Program is in Shed A, marked with a red 'A' below. Shed A is the building adjacent to the *Pampanito*, on Pier 45. The entrance to Shed A is marked with the green arrow below, at the very end of Taylor Street. Your group can park 10 vehicles in Shed A. The cost for these 10 vehicles is already covered in the cost of your program **however**, if you bring more than 10 vehicles, the cost is \$15 for each additional vehicle (up to 20 vehicles). We do not control the parking garage, but we have worked out a deal with the owners on behalf of our groups. The normal cost for overnight parking is more than twice the rate we've been able to provide to you. The provided parking spaces are not available until 6:30pm and all vehicles must be out of the garage by 8:30am the following day.

**Note:** If you plan on parking in the Fisherman's Wharf area outside of this time frame, you must make additional arrangements.

**Arrival:** When you arrive, have your parking passes ready to show to the attendants inside of **Shed A** (you will receive your passes with a confirmation letter when we receive your deposit and signed contract). **DO NOT UNLOAD GEAR AT THIS TIME.** If the garage is closed, park your car in front of the blue garage door, and send a runner down to speak with a *Pampanito* staff member, they will open the door for you. Please follow the directions of our staff members, as specific changes may occur.

**Please note:** We provide parking from the hours of 6:30pm to 8:30am. Any cars that arrive before, or would like to remain in the Fisherman's Wharf area longer than the allotted time, need to make other arrangements for their vehicle. Payment for additional vehicles is to be handled with the *Pampanitos'* staff.

**SAN FRANCISCO MARITIME NATIONAL PARK ASSOCIATION  
EDUCATION PROGRAMS RELEASE FORM**

In consideration of my child participating in the programs of the San Francisco Maritime National Park Association, I agree on behalf of myself and my child to assume all risks of injury to my child and agree to waive all claims, actions, damages and agree not to sue the Maritime Park Association, it's officers, directors, employees, agents or assigns for any claims arising out of participation in the Maritime Park Association's programs the actions of the school district or youth group's employees, officers or agents, of the program participants.

Date of Program: \_\_\_\_\_

Participant's Name (Child): \_\_\_\_\_

Parent's Name: \_\_\_\_\_

We request that all parents agree to the above provision and sign above to acknowledge their agreement.

A child without a signed release form will not be allowed to participate in the program.

Signature of Parent \_\_\_\_\_

Date: \_\_\_\_\_

## **Group Leaders- Please photocopy this sheet and share it with all the adults of your group!**

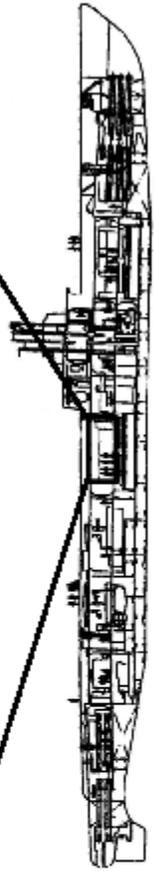

In order to present the best and most authentic program, the following rules must be observed by all participants.

- **All participants must wear pants, closed toe shoes, and have a jacket for evening.** The pier may be cold. The submarine's ambient temperature is usually in the high 60s.
- If THE GROUP wishes to bring a snack for the late evening and/or a light breakfast for the morning, please be sure that it is for everyone attending. Pizza may be ordered. Bring cash for the pizza man.
- **There is NO time for dinner! Please have dinner before arriving at the Pampanito.**
- **Do not bring electronic devices, including cell phones, videogames, music players, etc.**
- **We have Zero tolerance for alcohol, drugs and weapons! People in violation will be escorted off the pier.**
- **There is NO SMOKING on the pier or submarine.**
- **NO ONE may leave the pier after the group arrives for the program.** People who leave will not be allowed to return during the duration of the program.
- **All people must be 6 years old.**
- **No siblings are allowed unless they are full members of the participating group.**
- **There must be a 1:6 adult/child ratio with a minimum of 7 adults.**
- The SFMNPA is not responsible for any lost or stolen items.
- **Every participant must have a completed and signed medical and liability release form.**
